WHEREAS, the Agency’s Uniform Tax Exemption Policy (the “Policy”) provides a standardized method for the determination of payments in lieu of taxes for a facility similar to the Project Facility; and

WHEREAS, in connection with the Application, the Company made a request to the Agency (the “Pilot Request”) that the Agency deviate from the Policy with respect to the Project Facility; and

WHEREAS, the Agency has given due consideration to the Application, and to representations by the Company that (A) the granting by the Agency of the Financial Assistance with respect to the Project will be an inducement to the Company to undertake the Project in Rensselaer County, New York and (B) the completion of the Project will not result in the removal of a plant or facility of any proposed occupant of the Project Facility from one area of the State of New York to another area in the State of New York and will not result in the abandonment of one or more plants or facilities of any occupant of the Project Facility located in the State of New York; and

WHEREAS, the Agency desires to encourage the Company to preserve and advance the job opportunities, health, general prosperity and economic welfare of the people of Rensselaer County, New York by undertaking the Project in Rensselaer County, New York; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF RENSSELAER COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. All action taken by the Executive Director of the Agency with respect to the Public Hearing with respect to the Project is hereby ratified and confirmed.

Section 2. The law firm of Barclay Damon LLP is hereby appointed Special Counsel to the Agency with respect to all matters in connection with the Project. Special Counsel for the Agency is hereby authorized, at the expense of the Company, to work with the Company, counsel to the Company, counsel to the Agency and others to prepare, for submission to the Agency, all documents necessary to effect the transactions contemplated by this Resolution. Special Counsel has prepared and submitted an initial draft of the Agency Documents to staff of the Agency.

Section 3. The Agency, based upon the representations made by the Company to the Agency in the Application, hereby finds and determines that:

(A) The Agency has considered any and all responses from the Affected Tax Jurisdictions to the Pilot Deviation Letter.

(B) The Agency has reviewed and responded to all written comments received from any Affected Tax Jurisdiction with respect to the proposed deviation.

(C) The Agency has given all representatives from any Affected Tax Jurisdictions in attendance at this meeting the opportunity to address the members of the Agency regarding the proposed deviation.

(D) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act;

(E) The Project constitutes a “project,” as such term is defined in the Act;

(F) The Project site is located entirely within the boundaries of Rensselaer County, New York;

(G) It is estimated at the present time that the costs of the planning, development, acquisition, construction, reconstruction and installation of the Project Facility (collectively, the “Project Costs”) will be approximately \$7,082,975;

(H) The completion of the Project will not result in the removal of a plant or facility of any proposed occupant of the Project Facility from one area of the State of New York to another area in the State of New York and will not result in the abandonment of one or more plants or facilities of any occupant of the Project Facility located in the State of New York;

(I) (1) The Project Facility does not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project, and accordingly the Project is not prohibited by the provisions of Section 862(2)(a) of the Act, and (2) accordingly the Agency is authorized to provide financial assistance in respect of the Project pursuant to Section 862(2)(a) of the Act;

(J) The Agency, based upon its review of the following factors, finds and determines that it is desirable and in the public interest of the Agency to deviate from its UTEP and to approve the execution and delivery of the PILOT Agreement:

1. **The nature of the proposed project:** The Project will create space for commercial and retail use as well as residential rental units.
2. **The nature of the property before the project begins:** The property contains a building from the National Historic Register that is currently underutilized, with a small area being used for commercial office space.
3. **The economic condition of the area at the time of the application:** The

downtown area of the City of Troy (the “City”) is undergoing a revitalization process. There is increased demand for investment in residential and commercial property in the City. The Project Facility is centrally located in the downtown area, with prime frontage on the Hudson River.

4. **The extent to which the project will create or retain permanent, private sector jobs:** When fully operational, the Project will create approximately 5 full time equivalent permanent, private sector jobs.
5. **The estimated value of the tax exemptions to be provided:** Sales and Use Tax Exemption: \$157,000. Mortgage Recording Tax Exemption: \$47,000. Real Property Tax Exemption: \$1,426,000.
6. **The impact of the project and proposed tax exemptions on affected tax jurisdictions:** The Project will generate additional revenue for the affected tax jurisdictions from real estate taxes by the increase value of the property and from sales and use taxes generated by the tenants and employees located at the Project Facility. The affected tax jurisdictions will receive higher payments under the Proposed PILOT Agreement than are currently received on the existing building. The Proposed PILOT Agreement will increase those amounts over its term, with the final result being substantially higher real estate taxes at the end of the Proposed PILOT Agreement, due to the increase in assessed value as a result of the Project. The Project Facility would also result in increased sales and use tax revenue from the additional individuals in the residential units and the employees of the commercial and retail space making purchases in the City and the County as well as from sales generated from visitors to the retail space in the Project Facility.
7. **The impact of the proposed project on existing and proposed businesses and economic development projects in the vicinity:** As mentioned, the Project helps to fulfill a need within the City and within the greater Rensselaer County area (the “County”) for commercial, office and residential apartment units. Employees working in and residents residing in the Project Facility will patronize the many nearby retail, commercial and professional businesses in the City and the County. The Project furthers the downtown revitalization efforts in the City. It is likely that the Project Facility will have a positive effect on existing and proposed businesses and economic development projects in the City and the County.
8. **The amount of private sector investment generated or likely to be generated by the proposed project:** The Company anticipates investing approximately \$7 million into the redevelopment of the Project Facility.

9. **The demonstrated public support for the proposed project:** The proposed project has received the support of the County Executive and local businesses.
10. **The likelihood of accomplishing the proposed project in a timely fashion:** The Company anticipates that this Project will be completed by the end of 2018 and the Agency believes there is a strong likelihood of meeting this anticipated completion date because the Company is run by an experienced and established developer in the community with a strong reputation for timely completing projects.
11. **The effect of the proposed project upon the environment:** The Agency has determined that the Project is a “Type 1 Project” and has reviewed a full Environmental Assessment Form and has issued a “Negative Declaration.” The anticipated effect upon the environment is minimal.
12. **The extent to which the proposed project will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:** It is anticipated the tenants of the residential units will create minimal, if any, demand for educational services. The Company expects that many of the users of the Project Facility will use their own cars but there may be some increased demand in public transportation to the Project Facility. The building will be fully sprinkled. Minimal demand for police, fire and emergency medical services (EMT) services is anticipated.
13. **The extent to which the proposed project will provide additional sources of revenue for municipalities and school districts in which the project is located:** The Project will generate additional revenue for the affected tax jurisdictions from real estate taxes by the increase value of the property and from sales and use taxes generated by the tenants and employees located at the Project Facility. The municipalities and school districts will receive higher payments under the Proposed PILOT Agreement than are currently received on the existing building. The Proposed PILOT Agreement will increase those amounts over its term, with the final result being substantially higher real estate taxes at the end of the Proposed PILOT Agreement, due to the increase in assessed value as a result of the Project. The Project Facility would also result in increased sales and use tax revenue from the additional individuals in the residential units and the employees of the commercial and retail space making purchases in the City and the County as well as from sales generated from visitors to the retail space in the Project Facility.
14. **The extent to which the proposed project will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the project is located:** As noted earlier, the

Project Facility contributes to filling a need within the City and the County for residential apartments. The proposed project will provide significant economic benefits to the City and the County and assist with the revitalization of downtown Troy. The Project is consistent with the City's and the County's overall development and revitalization efforts.

(K) The granting of the Financial Assistance by the Agency with respect to the Project will promote and maintain the job opportunities, general prosperity and economic welfare of the citizens of Rensselaer County, New York and the State of New York and improve their standard of living, and thereby serve the public purposes of the Act;

(L) The Agency has reviewed the Public Hearing Report and has fully considered all comments contained therein;

(M) The Project should receive the Financial Assistance in the form of exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes based on the description of expected public benefits to occur as a result of this Project, as described on Exhibit A attached hereto and failure by the Company to meet the expected public benefits will result in a recapture event, as described on Exhibit B attached hereto; and

(N) It is desirable and in the public interest for the Agency to enter into the Agency Documents.

Section 4. In consequence of the foregoing, the Agency hereby determines to: (A) accept the Lease to Agency; (B) lease the Project Facility to the Company pursuant to the Lease Agreement; (C) acquire, construct and install the Project Facility, or cause the Project Facility to be acquired, installed and constructed; (D) enter into the Payment in Lieu of Tax Agreement; (E) enter into the Uniform Project Benefits Agreement; (F) enter into the Section 875 GML Recapture Agreement; (G) secure the Loan by entering into the Mortgage; and (H) grant the Financial Assistance with respect to the Project.

Section 5. The Agency is hereby authorized (A) to acquire a leasehold interest in the Land pursuant to the Underlying Lease, (B) to acquire title to the Equipment pursuant to a bill of sale (the "Bill of Sale to Agency") from the Company to the Agency, and (C) to do all things necessary or appropriate for the accomplishment thereof, and all acts heretofore taken by the Agency with respect to such acquisitions are hereby approved, ratified and confirmed.

Section 6. The Agency is hereby authorized to acquire, construct and install the Project Facility as described in the Agency Documents, to appoint the Company as agent of the Agency to undertake such acquisition, construction and installation of the Project Facility as described in the Agency Documents, and to do all things necessary or appropriate for the accomplishment thereof, and all acts heretofore taken by the Agency with respect to such acquisition, construction and installation are hereby ratified, confirmed and approved.

Section 7. The Chairman (or Vice Chairman) of the Agency, with the assistance of Agency Counsel and/or Special Counsel, is authorized to negotiate and approve the form and substance of the Agency Documents.

Section 8. (A) The Chairman (or Vice Chairman) of the Agency is hereby authorized, on behalf of the Agency, to execute and deliver the Agency Documents, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same, all in the forms thereof as the Chairman (or Vice Chairman) shall approve, the execution thereof by the Chairman (or Vice Chairman) to constitute conclusive evidence of such approval.

(B) The Chairman (or Vice Chairman) of the Agency is hereby further authorized, on behalf of the Agency, to designate any additional Authorized Representatives of the Agency (as defined in and pursuant to the Lease Agreement).

Section 9. The Agency shall maintain records of the amount of State and local sales and use tax exemption benefits provided to the Project and each agent or Project operator and shall make such records available to the State Commissioner of Taxation and Finance (the "Commissioner") upon request. The Agency shall, within thirty (30) days of providing any State sales and use tax exemption benefits, report to the Commissioner the amount of such benefits for the Project, identifying the Project, along with any such other information and specificity as the Commissioner may prescribe. As a condition precedent to the Company's receipt of, or benefit from, any State or local sales and use tax exemptions, the Company must acknowledge and agree to make, or cause its agents and/or operators to make, all records and information regarding State and local sales and use tax exemption benefits available to the Agency upon request. The provisions of Section 875 of the Act are hereby incorporated herein as if set forth herein and the Agency agrees that it shall comply with the requirements of such Section 875.

Section 10. The Agency hereby delegates to the Company, as agent of the Agency, the authority to designate (following the execution and delivery of the Agency Documents), agents and sub-agents of the Agency (each, a "Sub-Agent") for purposes of utilizing the Agency sales and use tax exemption with respect to the acquisition, reconstruction and installation of the Project Facility; provided that any such sub-agency designation shall become effective only upon submission to the Agency within fifteen (15) days of such agency and sub-agency designation: (1) an executed sub-agent appointment agreement (in a form approved by the Agency) and (2) a completed Form ST-60 of the New York State Department of Taxation and Finance (IDA Appointment of Project Sublessee or Agent for Sales Tax Purposes). Such agents and sub-agents may include contractors and subcontractors involved in the acquisition, reconstruction and installation of the Facility.

Section 11. The terms and conditions of subdivision 3 of Section 875 of the Act are herein incorporated by reference and the Company and/or any Sub-Agent shall agree to such terms as a condition precedent to receiving or benefiting from an exemption from State and local sales and use tax exemptions benefits.

Section 12. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required or provided for by the provisions of the Agency Documents, and to execute and deliver all such

additional certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing Resolution and to cause compliance by the Agency with all of the terms, covenants and provisions of the Agency Documents binding upon the Agency.

Section 13. This Resolution shall take effect immediately.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:
