WHEREAS, the Agency has given due consideration to the Project Qualification Documents, and to representations by the Company that although the Project constitutes a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Company has represented to the Agency that (i) the Project is located within census tract 407, which is contiguous to census tract 404, which is a distressed census tract and therefore, is in a “highly distressed area”, as that term is defined in Section 854(18) of the Act, and (ii) completion of the Project will serve the public purposes of the Act by increasing the overall number of permanent, private sector jobs in the State of New York; and

WHEREAS, pursuant to Section 862(2)(b) of the Act, the Agency would be authorized to provide financial assistance in respect of the Project provided that the obligation of the Agency to proceed with the Project was subject to certain conditions, including (1) following compliance with the procedural requirements of Section 859-a of the Act, a finding by the Agency that the Project would preserve permanent, private sector jobs in the State of New York or increase the overall number of permanent, private sector jobs in the State of New York and (2) confirmation by the County Executive of the Rensselaer County of the proposed action by the Agency with respect to the Project; and

WHEREAS, having complied with the requirements of SEQRA and Section 859-a of the Act with respect to the Project, the Agency now desires, pursuant to Section 862(2)(c) of the Act, to make its final findings with respect to the Project and its final determination whether to proceed with the Project;
