If any portion of the Financial Assistance to be granted by the Agency with respect to the Project is not consistent with the Agency's uniform tax exemption policy, the Agency will follow the procedures for deviation from such policy set forth in Section 874(4) of the Act prior to granting such portion of the Financial Assistance.

If the Agency determines to proceed with the Project, the Project Facility will be acquired, constructed, reconstructed and installed by the Agency and will be leased (with an obligation to purchase) or sold by the Agency to the Company or its designee pursuant to a project agreement (the "Agreement") requiring that the Company or its designee make certain payments to the Agency.

The Agency has not yet made a determination pursuant to Article 8 of the Environmental Conservation Law (the "SEQR Act") regarding the potential environmental impact of the Project.

The Agency will at said time and place hear all persons with views on either the location and nature of the proposed Project, or the Financial Assistance being contemplated by the Agency in connection with the proposed Project. A copy of the Application filed by the Company with the Agency with respect to the Project, including an analysis of the costs and benefits of the Project, is available for public inspection during business hours at the offices of the Agency.
